Payment at 50% of MAC:	\$267.50	Payment at 40% of MAC:	\$194.00
Patient Responsibility:	\$267.50	Patient Responsibility:	\$386.00

Advantages to using an Advantage *Plus* Provider

- You have access to the United Concordia Advantage Plus network.
- Providers who participate with United Concordia agree to accept the UCCI Maximum Allowable Charge (MAC) as payment in full (*less any deductible and coinsurance amounts that are the member's responsibility*).
- Providers who participate with the network will file claims on your behalf. (Claim forms for non-network providers are available through Clients' Corner. See the back page for more information.)

Work in Progress

United Concordia has standard procedures for work in progress when you begin dental coverage with United Concordia. Detailed below are the most common treatments in progress and how United Concordia addresses them.

- **Fixed Bridgework:** Covered by United Concordia only if initiation of treatment and preparation of teeth and placement occur after the patient becomes eligible.
- **Endodontics:** United Concordia reimburses endodontic work based upon the completed date of service.
- **Crowns, inlays and onlays:** Covered by United Concordia only if initiation of treatment and preparation of teeth and placement occur after the patient becomes eligible.
- **Orthodontic Treatment Plans in Progress:** The percentage of active treatment completed prior to the contract effective date (as determined based upon the banding date and the length of treatment) will be deducted from the lifetime contractual maximum to arrive at maximum financial liability. This liability will then be distributed in a lump sum payment or equal increments throughout the remaining course of treatment.

*** Smile for Health**

This program designed to benefit overall health offers the following enhancements to both the Standard and Premium PPO options:

- One additional cleaning during the course of pregnancy
- Increased coverage for nonsurgical periodontal treatment including the topical application of fluoride for adults with a history of surgical periodontal treatment
- Coverage for microbial tests and brush biopsies diagnostic tests
- Adult fluoride varnish preventative treatment for members with a history of periodontal treatment

Predetermination

Predetermination is recommended, but not required by United Concordia for any procedure that exceeds \$200 or for extensive treatment plans involving prosthetics, crowns, inlays, onlays and periodontics. Predetermination of benefits is used by United Concordia to determine eligibility of the subscriber and review the treatment plan to determine the extent of coverage. This process assures both the subscriber and the dentist that the service being performed is covered and provides the subscriber with his or her financial liability.

Great News!

With United Concordia there is no need to clutter your wallet or purse with another identification card. Simply inform your dentist you have United Concordia coverage and provide the staff member's Social Security Number, to confirm eligibility, and begin receiving benefits. It's that simple.

Clients' Corner

Client's Corner is United Concordia's web-based resource designed specifically to provide enrolled members with instant access to the following information:

- FIND A DENTIST
- MEMBER LISTING
- CONTACT US
- MAXIMUM/DEDUCTIBLE
- CLAIM INFORMATION
- ELIGIBILITY
- GLOSSARY OF DENTAL TERMS
- PROCEDURE HISTORY
- HELP/COMMON QUESTIONS
- BENEFIT INFORMATION

"My Dental Benefits" provides you with secure access to the information you need, when you need it. It's fast, it's friendly and it's easy to use. Visit us today at <http://www.ucci.com/tuctcc/clients.jsp?id=6> or log on to the Infonet at <http://www.lnfonet.upmc.com> where you can access Benefits, then click on Dental, then UCCI Clients' Corner. Select **My Dental Benefits**. Once registered, you will have everything you will need to monitor your personal dental benefits. *(NOTE: You must be enrolled in a United Concordia dental program in order to take advantage of this service.)*
